

Value Lines Responsibility: Diligence in Work

Instructions:

- Teacher divides students into groups.
- Teacher gives a topic statement (e.g. Values that should be observed in school/workplace/public etc.)
- Each group to brainstorm and list out values that one should possess regarding the statement.
- After that, the group must list out the values discussed from the most important to the least important.
- Each group must share their findings.
- Other groups may refute or accept.
- The activity goes on until the last given situation.

Brainstorm (according to topic given)

List out the values from most important to the least important. Prepare your reasons.

1.	2.	3.	4.
5.	6.	7.	8.
